REFLECTIONS FROM PAST TO PRESENT

The history of Waynesfield Schools begins with the formation of Wayne township in 1834. It was not until 1838 that the first schoolhouse was built, located about $\frac{1}{4}$ of a mile southeast of the town square. It was a log cabin with paper windows, an old fashioned fireplace and a stick chimney.

The second log building, erected on East Wapakoneta St., was not much different from the first, but it had glass windows. School was taught in this building until 1860.

At the end of the 1850's a new school building was erected. However, in 1873 or 74 it was moved to N. Westminster St. & occupied as a house.

In 1874 school was taught in a two-story brick building at 200 S. Westminster St. This building is now in use as Yale Bros. Printing Office.

At the end of W. Perry St, a ten-room

brick structure was built on a full basement with four furnaces to heat the building. It had two floors with two main hallways on each floor.

The present structure was completed in 1936 & was built with help from the WPA during FDR's term in office.

Ending at the cafeteria, the original building was added on to in 1952. The new addition included the band & home ec rooms & the second floor hallway. In 1965 the art, vo-ag, & ind, arts rooms were added.

In 1958 Waynesfield and New Hampshire combined to form the Wayne-Goshen school district.

Looking back over the past 151 years, it is easy to see that although the Waynesfield-Goshen School has had many forms it has always had reason to reflect on its Tiger Pride.

DEDICATION

Miss Ida Estrada came to WGHS in the fall of 1966 from Havana, Cuba. She was a welcome addition to our faculty and taught Spanish for 19 years. Miss Estrada has a law degree from the University of Havana and received further education at Ohio State University. She received her American Citizenship during the 1973-74 school year. We all wish her happiness as she leaves us for those leisure years of retirement. Adios Senorita Estrada. We dedicate this book to you.

GRADUATION 1985

WGHS held its Commencement Ceremony on June 2, 1985 at the gymnasium. The graduating Seniors entered the gym to the sound of the band. The first address was given by Mr. Mark Waitman, Co-Valedictorian. The second address was given by Mr. Marc Cron, Co-Valedictorian. The third address was given by Mr. Andrew Webb, Student Council President. The fourth address was given by Mr. Steve Brown, Principal. The fifth address was given by Mr. Herbert, Minister of Education. The Seniors officially graduated by changing their tassels. The ceremony was presided over by Rev. Herbert & the excited crowd in the gym as the band played the recessional. Although a tear was shed, one realized it was not a time for ending but for a new beginning.

The Dekalb Award to Mr. Mark Waitman. The Ohio Academic Scholarship to Mr. Marc Cron. It was announced that Mr. Steve Brown was the winner of the Art & Design Award. The Commencement Diplomas were awarded by Mr. Steve Brown, Minister of Education. The Seniors officially graduated by changing their tassels. The ceremony was presided over by Rev. Herbert & the excited crowd in the gym as the band played the recessional. Although a tear was shed, one realized it was not a time for ending but for a new beginning.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions, including sales, purchases, and expenses. It emphasizes the need for a systematic approach to record-keeping, such as using a ledger or accounting software, to ensure that all financial data is properly documented and organized.

2. The second part of the document focuses on the process of reconciling bank statements with the company's internal records. It outlines the steps involved in comparing the bank's record of transactions with the company's own records, identifying any discrepancies, and investigating the causes of these differences. This process is crucial for ensuring the accuracy of the company's financial statements.

3. The third part of the document addresses the issue of budgeting and financial planning. It discusses the importance of setting a realistic budget for the company's operations and how this budget can be used to monitor and control expenses. It also touches on the role of financial planning in making informed decisions about the company's future growth and investment opportunities.

4. The fourth part of the document covers the topic of financial reporting. It explains the different types of financial statements that a company is required to prepare, such as the balance sheet, income statement, and cash flow statement. It also discusses the importance of providing clear and concise explanations of the figures reported in these statements to the company's management and stakeholders.

5. Finally, the fifth part of the document discusses the role of the accounting department in the overall management of the company. It highlights the importance of the accounting team in providing accurate and timely financial information to support the company's strategic decision-making. It also mentions the need for the accounting department to stay up-to-date with the latest accounting standards and regulations.

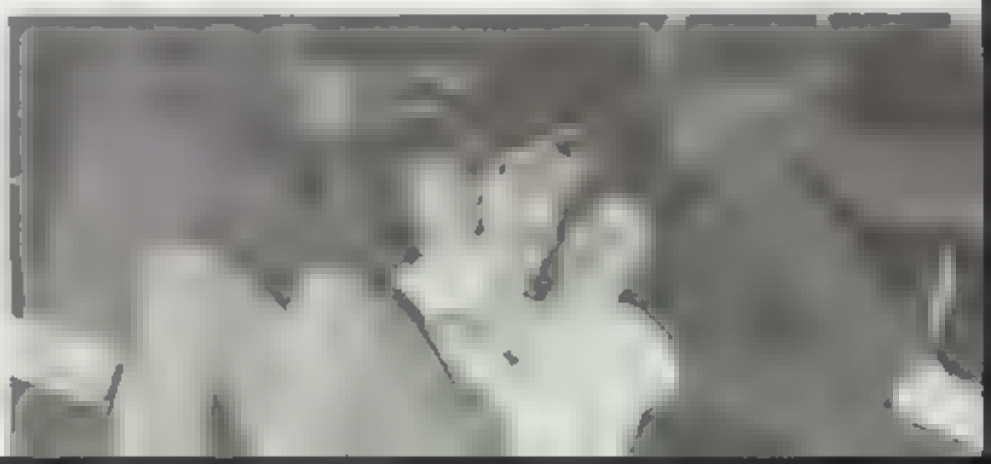

1. The first part of the document discusses the importance of maintaining accurate records of all transactions, both incoming and outgoing, to ensure transparency and accountability. It emphasizes the need for regular audits and the implementation of robust internal controls to prevent fraud and mismanagement.

2. The second part outlines the various methods used to collect and analyze financial data, including direct observation, interviews, and the review of documents. It highlights the challenges associated with obtaining reliable information from different sources and the importance of cross-verification to enhance the credibility of the findings.

3. The third part presents the results of the study, showing a clear trend of increasing expenditures over time, particularly in areas related to personnel and infrastructure. These findings are supported by statistical analysis and visual representations such as bar charts and line graphs, which provide a more comprehensive understanding of the financial patterns observed.

4. Finally, the document concludes with recommendations for improving financial management practices. It suggests the adoption of modern accounting software, the establishment of independent oversight committees, and the provision of training for staff involved in financial operations. The goal is to foster a culture of fiscal responsibility and ensure that resources are allocated efficiently to achieve organizational objectives.

REFLECTIONS IN THE MUSIC DEPT.

Reflections in the Music Dept. are a series of articles that look back on the history of the department. The first article, by Mr. [Name], discusses the early days of the department and the role of the Music Dept. in the school. The second article, by Mrs. [Name], talks about the growth of the department and the many students who have participated in the various activities. The third article, by Mr. [Name], describes the current state of the department and the plans for the future. The fourth article, by Mrs. [Name], discusses the importance of music in education and the role of the Music Dept. in providing a well-rounded education for all students. The fifth article, by Mr. [Name], talks about the many ways in which the Music Dept. has contributed to the school's success and the lives of its students. The sixth article, by Mrs. [Name], discusses the many challenges that the Music Dept. has faced over the years and the ways in which it has overcome them. The seventh article, by Mr. [Name], describes the many ways in which the Music Dept. has helped to build a sense of community and pride among the students. The eighth article, by Mrs. [Name], discusses the many ways in which the Music Dept. has helped to develop the talents and abilities of its students. The ninth article, by Mr. [Name], talks about the many ways in which the Music Dept. has helped to provide a well-rounded education for all students. The tenth article, by Mrs. [Name], discusses the many ways in which the Music Dept. has helped to make a difference in the lives of its students.

The Waynesfield Goshen Chapter of the National Honor Society was established in the spring of 1958. Each spring sees a new group of students elected to the membership. To date over 250 students from our school have received this honor. To be nominated a student must have a 3.0 scholastic average, be of good character, have leadership ability & be willing to give service to his or her school and community.

New members this year are Nikki Reams, Annette Gross, Michele King, Rose Lane, Rachel Cron, Jodi Young. Row 2: Jim Fullerton, Chris Westbay, Brian Donnelly, Jason Holiman, Lee Morris.

THE FORCE BEHIND THE MAGIC

A person in a light-colored shirt and dark pants is working on a structure, possibly a stage or set, using a long pole or ladder. The person is standing on a ladder and is holding a long pole or ladder. The structure appears to be a stage or set, and the person is working on it. The person is wearing a light-colored shirt and dark pants. The person is standing on a ladder and is holding a long pole or ladder. The structure appears to be a stage or set, and the person is working on it.

SENIOR HOMECOMING BEAUTIES HAD BEAUTIFUL MOMS!

Most people tend to disregard old quotes and folk lore sayings but this year saw one proved. "History" does repeat itself. During our research of history at WGHS we discovered that "our Senior Homecoming Court for 1985, had beauties for moms too. Past yearbooks reveal much that most of us have forgotten or didn't even know! Thus we give a 1985 salute to all our previous Queens", and a special salute to those that gave us our 1985 beauties". Natalie Taylor's mother, Janis Shaw Taylor was Homecoming Queen in 1957. Melissa Wilcox's mother, Janet Stalnakier Wilcox was Homecoming Queen in 1958. Tracy Riff's mother, Carol Turner Riff was FFA Queen in 1953.

REFLECTIONS OF TIGER SPORTS

Our research for the History of Sports at W-G began with searching through old yearbooks as far back as 1914. There was only one sport each year which varied from school year to school year. The main sports were basketball, baseball, football & track.

Basketball was the only sport in the year 1914 & was coached by Mr. Lusk and had a 4-2 record for the season. By the late 1920's basketball had become a permanent sport. There were many winning seasons with 1943 and 1963 undefeated, and this year 1985 winning the WCOC. Girls basketball entered W-G in the year 1928 coached by Mr. Ford and had a 6-11 record. Girls basketball had its ups and downs and several years passed with no teams competing. However, in the late 60's the Lady Tigers came into their own and they too have enjoyed winning seasons.

Baseball made its way to Waynesfield in 1916. No coach was given, but the team brought in a 2-2 record. In 1972 W-G won the Auglaize County League Championship. In 1982 the baseball team brought home the District Championship coached by Bob Hass.

Football was started in 1928, and coached by Mr. Franklather. Various winning seasons then followed under different coaches too many to mention in our space. The Tigers hauled in the Logan County League Championship in 1970 and the WCOC

Title in 1979.

Track was evident 57 years ago in 1928 coached by Mr. Franklather. There was no trace of track after that until 1968 with Mr. Martin Smith and they were runners up in the county meet. Then in the year 1970 the tracksters won the Auglaize County League & the Logan County League Championships. The Tigers took the WCOC Title in 1979 and have held the #1 spot in the League ever since. Very little was found on girls track, with the ladies coming into their own only recently. They too have held WCOC titles.

One of our more recent girls sports is volleyball, started in 1970 and coached by Miss Rambo & Mrs. Wartman. That squad won 2nd place in the Logan County League. In 1973 the ladies brought home a WCOC title. Various coaches through out the years have brought home various records.

Team sports are a valuable part of the school year and a learning experience for everyone who participates. There has been no loss of "Tiger Pride" at W-G. It is very evident that spirit and pride are the major foundations in our school, as shown by the amount of people that have participated and how well they played the game.

Seniors Steve Brown and Gary Spencer led the Tiger track team to their 7th consecutive WCOC track and field title as Brown won the 100m dash for the fourth straight year and anchored the 400m relay team to victory. Spencer won the polevault and was a member of the victorious 400m relay team. The Tigers scored 100 1/2 points in the conference meet to defeat runner-up Fairbanks who scored 96.

With a strong group of juniors and seniors returning, it appears that 'Keep it alive in '85' will be replaced by 'Same tricks in '86' as the Tiger boys go after WCOC title #8. Steve Brown won the Tiger Award. Tod Lament earned the Top Field Event Award, Gary Spencer the Multi-Events Award; Scot Dudgeon the Middle Distance Award, and Ron Easton the Most Improved Award.

The baseball team ended up their season by beating Temple Christian in extra innings to give them an overall record of 2-6 and a league record of 3-3. This seemed to be a pretty good season when you consider that there was only one starting senior on the squad and no experienced pitchers returning after Rob Gilroy broke his wrist two weeks before the first game. The ball players gained a lot of very valuable experience which will be sure

to pay off in the next couple of seasons if the guys dedicate themselves, keep working hard and do like every great athlete — don't give up. Special awards given out went to Rick Hill — Defensive Award, Jamey Turner — Offensive Award, Brian Joseph — Pitching Award, Dan Coder — Home Run Award, and the Tiger Award to Bruce Haggard.

STORYTELLER ENTERTAINS, TEACHES

The expression on the faces of the children told a story all by themselves. Lilly Marge Kelly, a professional storyteller from Cincinnati, held students from grades four to six spellbound with stories.

She also shared stories with children in kindergarten and first grade and talked to seniors. Mrs. Kelly spent the weeks of March 4-8 and 18-22 at W. C. as part of the Artist in Residence program of the Auglaize County Schools which is co-sponsored by the Ohio Arts Council.

Several area residents shared their knowledge of history and the area with

the students. Mr. Paul Font dressed as a Civil War soldier from the 2nd Ohio Infantry fascinated the seventh and eighth graders with his memorial of the Civil War.

Mr. Herman B. ... brought part of his gun collection and various antique articles for the students to view. Another long time resident, Dayton Bodell, talked to the students about how Waynesfield used to be. He informed and amused the children with his stories.

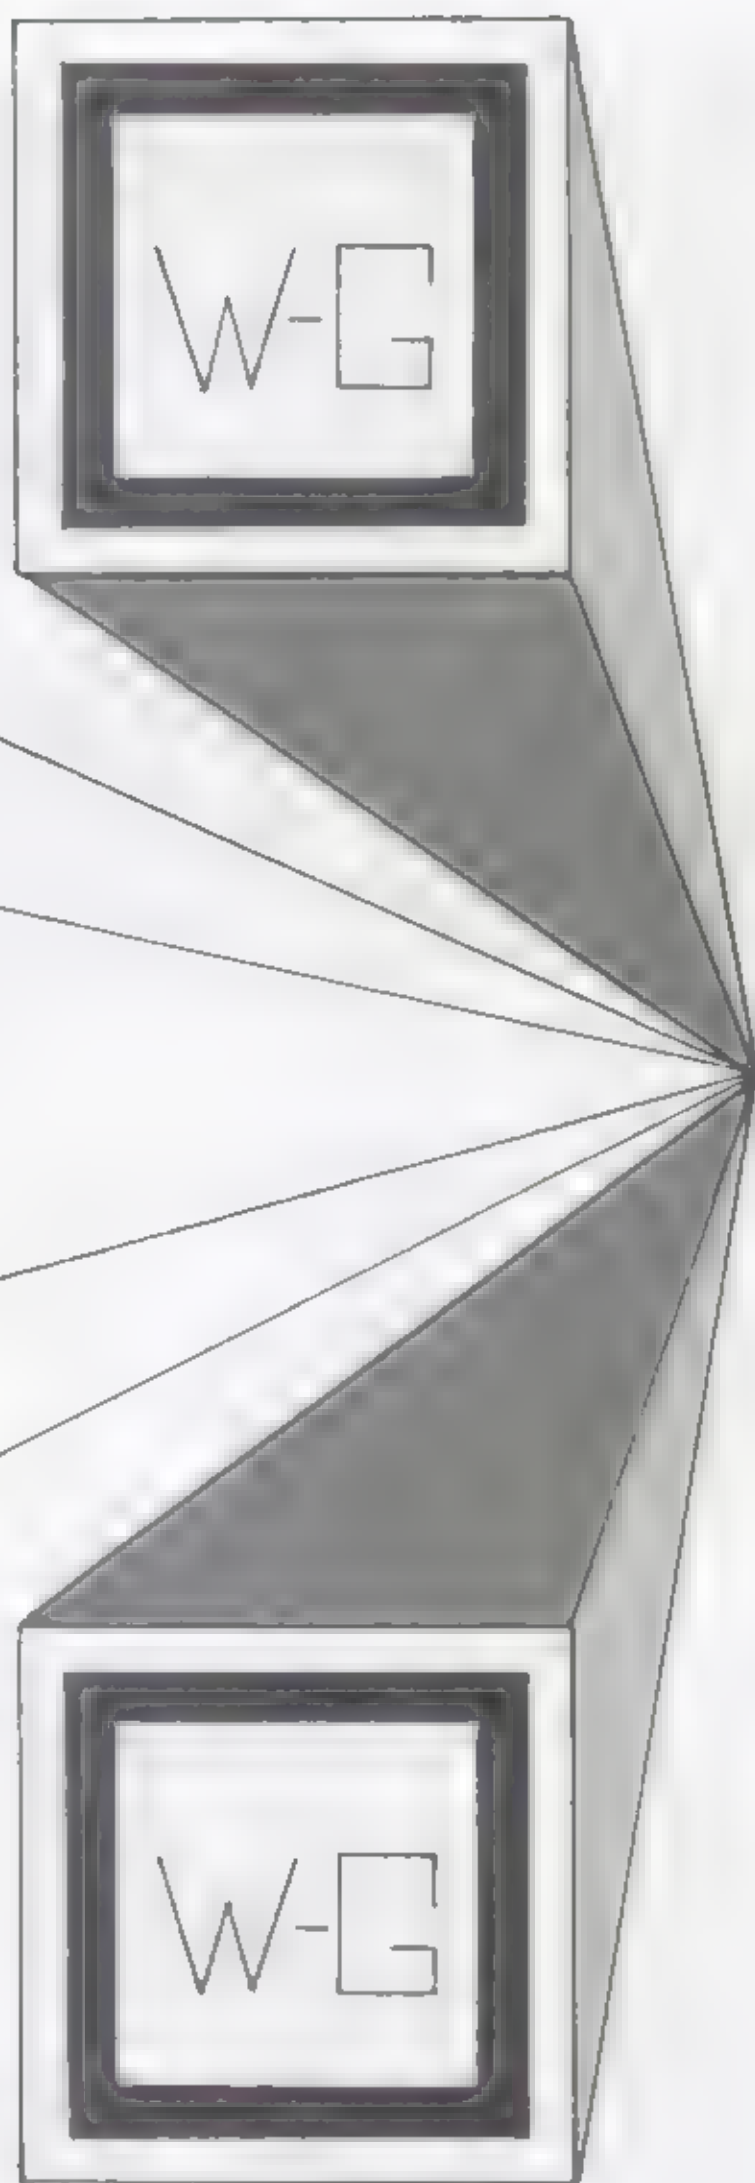

Several projects have been completed. A Name Game Book was authored by

the seventh grade class and several teachers and two coloring books were created by the high school gifted class for the first grade.

On going projects are interviewing area residents and collecting local history tales for a book which is to be the final project.

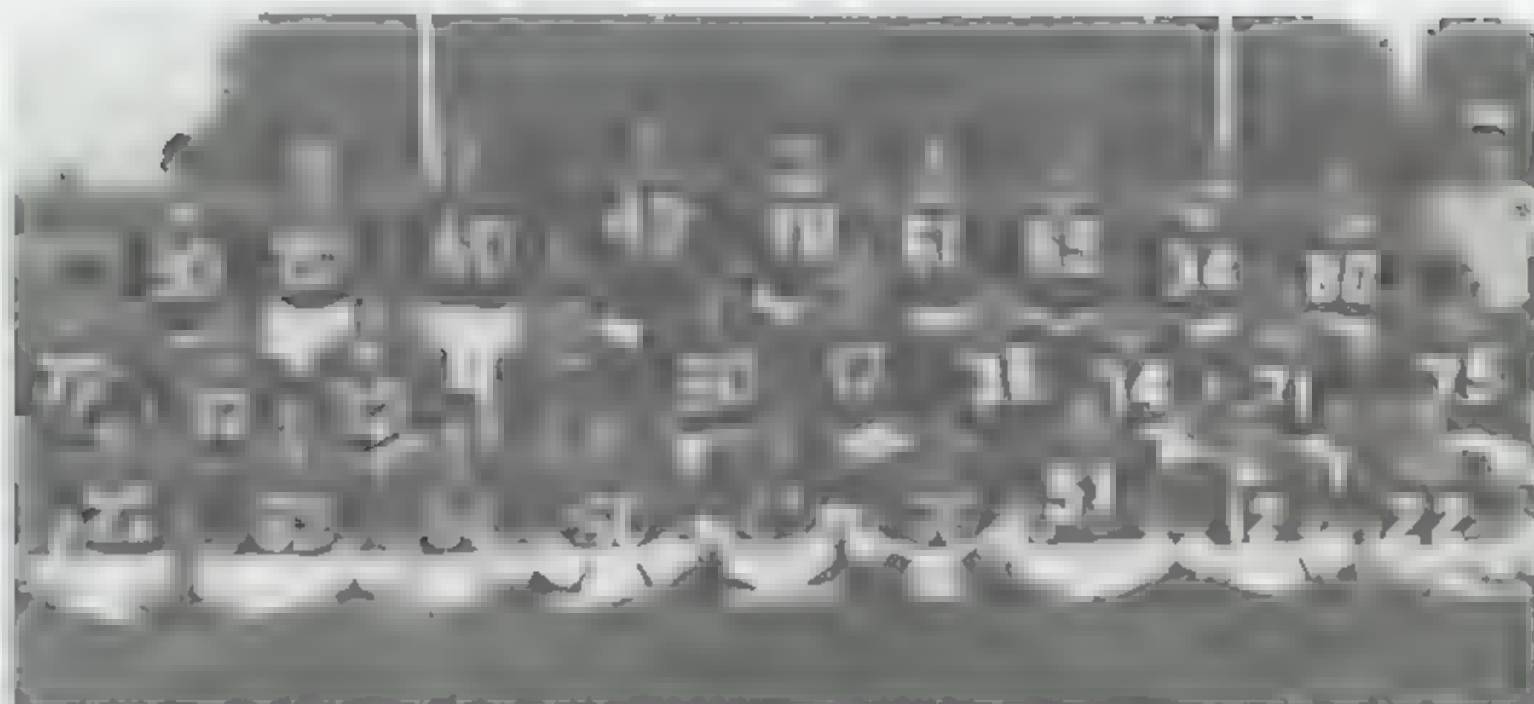

All of the information brought forth during the Artist in Residence program is helping to create a new perspective of the past and a greater appreciation

Thank You!

Yearbooks are memories that last forever. The hard work and dedication that puts a book together would be worthless if it weren't for the businesses and the people of our community and surrounding areas. With their support year after year we, the yearbook staff, can have our book published just the way we want to present it to you — the school community. We appreciate the continued support from all our advertisers and say thank you again for letting us bring you the best W-G Yearbook ever put together.
